5-Piece Glute & Leg Set

SH-G6926 can be paired with the 69 Series to create a dedicated women's glute & leg training zone.

ADDITIONAL FOOTPLATE DESIGN

To better accommodate users of all statures, the upgraded model adds anti-slip footplates. Even users of smaller build can get seated effortlessly, for significantly improved ease of use.

SUPERIOR ERGONOMIC DESIGN

The 3D dynamic motion path closely follows the natural gluteal force curve. Integrated resistance band anchors provide variable training resistance for enhanced workout efficiency.

MULTIPLE TRAINING MODES

Compared with traditional hip abductor machines, this unit features more adjustment points to enable refined glute training. It enhances the targeting and efficiency of glute workouts and expands the product's functionality.
